

Western Indian Ocean Governance Initiative (WIOGI)

Robin Farrington – Project Manager, GIZ

Nairobi Convention Conference of Parties, 23rd November 2021

Implemented by

In cooperation with:

WIOGI Project Overview

Project objective

Cooperation between relevant actors at regional and local levels for the protection and sustainable use of marine and coastal biodiversity in the WIO region is strengthened

Partner: Nairobi Convention Secretariat

Duration: April 2020 – March 2024
Volume: EUR 3.4 million (German Federal Ministry for Economic Cooperation and Development)

Project components

- **Component 1:** Strengthening regional policy dialogue – regional ocean governance and information management strategies
- **Component 2:** Enhancing private sector engagement at the regional level
- **Component 3:** Establishing multi-stakeholder partnerships in Mozambique

Strategic principles of approach

- Supporting NC CoP decisions and NC Secretariat workplan
- Stakeholder-led: inclusive co-creation = ownership and collective leadership
- Building capacity and respecting incentives for action
- Strengthening interlinkages between ocean governance and sustainable blue economy
- Gender and conflict sensitive
